FutureHives LLC and its flagship venture **ContractHive**, the AI-driven contract lifecycle management platform, today publicly announced **Zeeshan Umer** as **Co-Founder & Chief Executive**, effective Monday, 4 May 2026. Mr. Umer will lead the vision, strategy and execution of the group as it enters its next phase of growth.

"We are proud to publicly unveil Zeeshan's leadership of FutureHives and ContractHive. His vision and operational rigour are central to the group's next chapter."

— **Board of Directors**

Background

Zeeshan Umer is a seasoned technology and business leader with deep expertise in enterprise software, AI-driven products and high-growth ventures. He is recognized for combining strategic clarity with hands-on execution, and for building high-performance teams that translate emerging technology into measurable customer outcomes.

"FutureHives and ContractHive are tackling some of the most consequential problems at the intersection of AI and enterprise workflows. I am energized to lead this team into our next phase of growth."

— **Zeeshan Umer**

Key Mandate

- Set the unified vision and growth strategy for FutureHives and ContractHive
- Scale ContractHive's AI-powered CLM platform across global enterprise markets
- Drive product, engineering and go-to-market excellence across the group
- Build strategic partnerships, investor relationships and category leadership

About FutureHives LLC & ContractHive

FutureHives LLC is a Dubai-headquartered venture building the next generation of AI-native enterprise software. Its flagship venture, ContractHive, is a next-generation AI-powered CLM platform trusted by enterprises across the globe, with offices in Sydney, Nairobi and Islamabad.
